- online platform OQU

PURPOSE OF PROJECT FOR AUDIENCE

HIGH QUALITY ADMISSION PROCESS

Platform provides high-quality admission process as including most of indeed information about university, each university facility, location, history of it. Also to conclude that we provide each application portfolio page with access to upload all documents.

ONLINE PLATFORM

OQU qualifies as government project and we represent some news about Schools, Bachelor's & Master's degree etc. By this we make comfort for our users.

SAFETY && RELIABILITY && RAPID

Our project is able to furnish safety of data, reliability , rapid of process.

PROCESS OF APPLICATION

ENT RESULT

As everyone knows when
graduates finish school they take
ENT exam to win scholarship at
university; When our platform
requires to write down your exam
results

UPLOAD ALL RELEVANT DOCUMENTS

To make sure that graduate is not
lying to admission committee,
applicants have to upload ENT
document, IELTS result, 3*4 picture,
0-86 medical form, Attestation
certificate

SUBMIT

Every applicant must click submit
button, so that Admission committee
to check and constitute list of
scholarship winners.

DIFFUCULTIES THAT WE FACED

- Cracking Web 
- Quiet hard to find information about Universities 
- Coding 

FUTURE OF OQU

We truly understand that Kazakhstan needs this kind of platform to succeed in the IT shpere.

FINISH LINE OF PRESENTATION

015

RESULT NUMBER ONE

We suppose that OQU project is an perfect-modern idea

RESULT NUMBER THREE

Platform has a future as a startup and we are sure that is one step forward to the digitalization of Kazakhstan.

RESULT NUMBER TWO

We believe that we did great job as using all knowledge we have gained this year atAITU.

RESULT NUMBER FOUR

We have got that in ten weeks we showed our best results in term of coding , working in team, quick solving problem, presenting our ideas.
